Romper
Arms & legs out

Give your little one the gift of safer, more comfortable sleep with the ClevaSleep DreamSuit, ClevaMama's most versatile sleep innovation yet.

Stage 1: Newborn Swaddle (with hand pouches)
Innovative internal hand pouches encourage a soothing "hand-to-heart" position, helping newborns feel secure and settle more easily.

Stage 2: Arms-Out Sleeping Bag
As baby grows, simply free the arms to allow more movement while maintaining cosy, consistent warmth.

Stage 3: Wearable Sleepsuit
Unzip the lower section to create a sleepsuit with legs out - perfect for little explorers who want greater mobility during naptime or bedtime.
